## **Terminal Operations in Bilbao Stopped**

Dear Customers,

Please be informed that due to strong winds with gusts up to 9 bft the terminal in Bilbao stopped working this afternoon. Up to the evening, the situation is expected to improve so that the terminal should continue operations in due time.

Our SPA 1 vessel M/V Wega will most likely suffer from this operational stop and be slightly delayed. New ETS is forecasted for Saturday, 16<sup>th</sup> of January.

For any inconveniences which might occur in this respect, we kindly hope for your understanding.

For further questions please refer to your local contacts.
